

Tourist Attractions in the Western
Part of Tokushima, Shikoku

Tourism Guide Map

① Ochiai Village

This ancient village is located in the heart of the Hagiwara Valley. Each home is built into mountainside terraces, and the stone walls dating back to the Edo Period (1603-1868). The scenery here will remind you of forgotten Japanese history. As you look down at the beauty of the mountains, Ochiai Village has been designated as a preservation district for historical buildings.

Untouched Towns

@Iya Vine Bridge (Kazurabashi)

One of Japan's most extraordinary bridges, the Iya Vine Bridge has captivated visitors by the Hoke clan who fed deep into these remote regions to escape their enemies. If any pursuit had made the vines could break, rendering their enemies. The suspension bridge itself rises 14 meters over the river, inviting visitors to test their courage while crossing and enjoying the surrounding nature.

Breathtaking scenery

**② Wakimachi's
Udatsu Townscape**

These ancient streets are lined with traditional-style homes featuring udatsu barriers, typically designed to prevent the spread of fire between compounds. These barndura homes were a testament to the wealth and prosperity enjoyed in Wakimachi during the Edo Eeon.

Authentic Indigo Dyeing in Tokushima.

Indigo dyeing is a traditional craft that has been passed down for generations. It is a process that involves using indigo plants to create a deep blue dye. The dye is then used to color fabrics, creating a rich, vibrant blue. Indigo dyeing is a popular craft in Tokushima, and it is a great way to experience the local culture. There are many different ways to dye with indigo, and each one has its own unique history. If you are interested in learning more about indigo dyeing, there are many resources available. You can find books, videos, and even workshops. Indigo dyeing is a beautiful craft, and it is a great way to connect with the past.

Enjoying Nature

⑨ Kingdom of Giant Trees

Deep in the mountains of Tama no Kuni, there are some of Japan's largest and oldest trees. These ancient trees, such as Redwood, Cypress, and Oak, are over 1,000 years old. They are a natural treasure and a sight to behold. The forest is a living museum of ancient life.

● Japanese Cypress (Hinoki) and Japanese Redwood (Sugi) are the main trees. The forest is a natural treasure and a sight to behold. The forest is a living museum of ancient life.

⑩ Kurozo Marshland

White Lily

Japanese Orchid

Fringed Orchid

This vast marshland is a natural treasure in the mountains, with waterways, reeds, and wet areas that bloom the top. Many rare kinds of plants grow here, and the area has been designated as a protected natural treasure.
